

Welcome to the Moseley Exchange, here's some useful information to help you get the most of our co-working space.

Background information

Moseley Community Development Trust is a registered charity (no.1087949) that exists to lead the regeneration of Moseley. We're responsible for the Moseley Exchange. You can find out more about us at www.MoseleyCDT.com and www.MoseleyExchange.com.

Moseley has a long tradition of supporting Artists, free-thinkers and entrepreneurs. The Moseley Exchange is a venture to help creative people and others who want to set new projects in motion. Our aim is to support the growth of a new enterprising community that will bring social benefits to the neighbourhood.

The Moseley Exchange co-working space:

Co-working is a global movement that centres on shared spaces for people who work in a flexible way.

Our approach to Co-working

Community- Our aim is to grow a "community" of workers that use the Exchange. We want members to feel that they're part of community and to benefit from mutual support.

Collaborate- Through collaboration you realise the benefits of co-working and it's crucial if we're going to generate new ideas. So, it's important that we're honest with each other and are willing to share our knowledge and experience.

Think Green- By working in a shared space you're already helping the planet. In addition, we want to reduce our environmental impact. So help us by being considerate about printing, recycling and energy use.

Inclusive- We would like to include a diverse group of people from our neighbourhood. So, we have a range of membership rates and have tried to make sure the space has been designed for a variety of users.

Respect- This is something we all desire and it's important if we're all to get along in a shared space.
